Signature

Sir:

**RESPONSE TO RESTRICTION REQUIREMENT UNDER 35 USC 121**

Applicant files herewith a Response to the Restriction Requirement contained in an Office Action mailed August 25, 2004.

The Examiner posits that there are seven (7) patentably distinct species of the claimed invention in the present application:

Appl. No. 10/047,995  
Amdt. Dated September 10, 2004  
Reply to Office Action of August 25, 2004

- I. Claims 1-23, 78-82 drawn to method of addressing pixels in a display.
- II. Claims 24-31 drawn to forming a multipixel image on a projection screen.
- III. Claims 33-39 drawn to forming multipixel image on a phosphor surface.
- IV. Claims 40-46 drawn to optical projector.
- V. Claims 47-51, 59-72 drawn to cathode ray tube display.
- VI. Claims 52-58 drawn to optical projector.
- VII. Claims 73-77 drawn to color flat panel display.

Applicant notes that the Examiner seems to have left out of consideration Claim 32 from the above list. Applicant believes that the Examiner meant to include Claim 32 as belonging to Group II (Claims 24-31) above. If, however, the Examiner differs with this assessment, Applicant invites the Examiner to correct on the next communication.

For purpose of advancing prosecution in the case, Applicant hereby elects Group 1 – Claims 1-23 and 78-82 for examination.

Appl. No. 10/047,995  
Amdt. Dated September 10, 2004  
Reply to Office Action of August 25, 2004

Conclusion

If the Examiner believes a telephone conference would expedite the allowance of the claims, the Examiner is invited to contact Stuart P. Kaler at (707) 824-2487.

Respectfully submitted,

Dated: 10 Sept 04

By: Stuart P. Kaler
